

Teachers Credit Union SMS security

As part of our evolving internet security we are working towards solutions to protect your account. That's why we are offering our Members SMS security one time password protection. This PDF shows you how to request and login using SMS security.

How do I request SMS security?

To request SMS security, login to internet banking then go to the **Other** menu, **Security Options**, then select **Request SMS security**. Check that your **mobile phone number** is correct. If you need to update your number, click on **mobile number**.

How do I login using my SMS security?

Once you have activated your SMS security, login to internet banking as usual. A login page will appear. If you also have a security token, you will need to select how you would like to receive your one time password. Enter your one time password to proceed to internet banking.

For further information, refer to FAQs or call us on **13 12 21**, 8am to 7pm, weekdays.
